Art Unit: 1731

1. Applicant's election without traverse of Group II, claims 5-21 in Paper No. 7 is acknowledged.

2. Claims 1-4 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim.

Election was made **without** traverse in Paper No. 7.

3. Claims 5-22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 5, the phrase "tobacco products, in particular cigarettes" is indefinite. A broad range or limitation together with a narrow range or limitation that falls within the broad range or limitation (in the same claim) is considered indefinite, since the resulting claim does not clearly set forth the metes and bounds of the patent protection desired. Note the explanation given by the Board of Patent Appeals and Interferences in *Ex parte Wu*, 10 USPQ2d 2031, 2033 (Bd. Pat. App. & Inter. 1989), as to where broad language is followed by "such as" and then narrow language. The Board stated that this can render a claim indefinite by raising a question or doubt as to whether the feature introduced by such language is (a) merely exemplary of the remainder of the claim, and therefore not required, or (b) a required feature of the claims. Note also, for

example, the decisions of *Ex parte Steigewald*, 131 USPQ 74 (Bd. App. 1961); *Ex parte Hall*, 83 USPQ 38 (Bd. App. 1948); and *Ex parte Hasche*, 86 USPQ 481 (Bd. App. 1949).

The following phrases are indefinite for the same reason:

claim 7, the phrase "is arranged in a rear region of the cigarette magazine, in particular directly above the movement plane";

claim 10, the phrase "in the region of a conveyor..., in particular in the region of a pocket chain";

claim 11, the phrase "which partially encloses the cigarette conveyor..., in particular in the region";

claim 12, the phrase "conveying elements, in particular by conveying belts";

claim 13, the phrase "arranged beneath cigarette conveyors, in particular beneath the pocket chain";

claim 14, the phrase "preferably by the intercepting hopper";

claim 14, the phrase "a further conveying element for tobacco particles, in particular a collecting belt";

claim 15, the phrase "can be fed to a suction-extraction subassembly, in particular to a suction tube".

In claim 5, line 12, the phrase "the intercepted and/or collected tobacco particles" has no antecedent basis.

In claim 5, line 15, the phrase "the conveyors" has no antecedent basis.

In claim 14, the phrase "the intercepting hopper" has no antecedent basis.

Art Unit: 1731

In claim 17, the phrase "cabinet-like" is indefinite. It is submitted that this language does not clearly set forth the metes and bounds of the invention.

In claim 20, the phrase "the base" has no antecedent basis.

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claim 5 and 16 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Berlin et al. (4,055,192). See e.g. abstract and cols. 9-10.

6. Claims 5 and 14 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Rundell (1,582,544).

7. Claims 6-13, 15 and 17-21 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
